WELCOME TO RAHNILE HOTEL!

RahNile Hotel welcomes you to the beautiful city of Bahir Dar. The name RahNile is carefully selected and is derived from two special words RAH and NILE, which has meaning in three different languages.

- 1) 'Rahn' in Geez, the origin of all Ethiopian languages, means 'Comfort and Relaxation.'
- 2) 'Rah' means in English language, an exclamation of encouragement, which we consider as representing our great river, Nile.
- 3) 'Reha' in Arabic language means enjoyment."

In general, the name RahNile refers to our proximity to the source of River Nile and our commitment to our guests' comfort and relaxation. The hotel is conveniently located about 8 kilometers from the airport and will be an ideal place for the city tour or a tour on lake Tana, the source of River Nile.
